# How to generate SDK?

After creating a product, you can click to the "Product Management" list to see the product you just created

1、 Click the "View" button on the right side of the product to enter the product details page

2、 The newly created version is followed by a "Generate SDK" button, click to generate.

version number	version description	creation time	SDK status	operation
20221010001	test	2022-10-10 16:38:09		edit build SDK delete

It takes about 5-10 minutes to generate the SDK

3、 The SDK is successfully generated, click the "Download SDK" button, and the download is successful.

version number	version description	creation time	SDK status	operation
20220803001	1	2022-08-03 09:38:00	built	edit download SDK delete download firmware
